

REMARKS/ARGUMENTS

Claims 4 through 10 remain in this application. Claims 1 through 3 have been canceled without prejudice or disclaimer, and claims 4 through 10 have been allowed.

Claims 1 through 3 are rejected under 35 U.S.C. § 103(a) as being unpatentable over U.S. Patent No. 4,164,714 to Swanson ("Swanson patent"). Claims 1 through 3 are hereby canceled and, thus, the above rejection is considered to be moot. In view of the above, all remaining claims are allowed.

No amendment made was related to the statutory requirements of patentability unless expressly stated herein. Also, no amendment made was for the purpose of narrowing the scope of any claim, unless Applicant has argued herein that such amendment was made to distinguish over a particular reference or combination of references.

The Commissioner is hereby authorized to deduct any additional fees arising as a result of this response, including any fees for Extensions of Time, or any other communication from or to credit any overpayments to Deposit Account No. 50-2117.

It is submitted that the claims clearly define the invention, are supported by the specification and drawings, and are in a condition for allowance. Applicant respectfully requests that a timely Notice of Allowance be issued in this case. Should the Examiner have any

questions or concerns that may expedite prosecution of the present application, the Examiner is encouraged to telephone the undersigned.

Respectfully submitted,
Ramsden, Martin Hague
